

Malika Kaita

Afro Jazz Orchestra

Hypnotic highlife, bouncy jazz and rousing Afrobeat rhythms fuse together. The Malika Orchestra manages to combine all these styles, this groove, this ecstasy musically and lyrically. Their music unleashes euphoric dances in every audience and at the same time inspires reflection.

About T'ua

T'ua, which means baobab tree in Farefari, is a musical and linguistic exploration of one's own roots and their representation. Even if a touch of melancholy sometimes shimmers through, African joie de vivre always pulsates along. With rhythm and groove at its core, surrounded by political or emotional thoughts, the Malika Kaita Orchestra creates an atmosphere that is both moving and inspiring.
